

California OES Weather Threat Briefing

Monday, March 18, 2019
9:00 AM PST

Day 1: No notable impacts expected.

National Weather Service
*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

03/18/19 - 03/24/19

Monday-Tuesday

- No impacts expected

Tuesday night-Saturday

- Next chance of precipitation will be late Tuesday through next Thursday
 - The rain will be showery in nature, therefore rainfall amounts will vary from location to location.
 - A period of moderate to heavy precipitation could occur sometime between late Tuesday and Thursday
 - Slight possibility of thunderstorms Tuesday through Thursday
 - Low confidence on timing and location of potential debris flow problems, but will continue to monitor
- Snow returns to the Sierras Wednesday and Thursday
 - Snow level anticipated to be between 5500 and 6500 feet in the Sierras
- Another storm system may reach CA late Friday through Saturday
 - This is expected to mainly impact northern California
